SUMMARY

Flutter Developer with 3 years of experience in Flutter and Dart, specializing in Clean Architecture, BLoC state management, and real-time application development using WebSockets. Experienced in building scalable cross-platform applications and developing iOS apps with SwiftUI. Focused on delivering performant, maintainable solutions and seamless user experiences.

EXPERIENCE

Senior Flutter Developer
Dreamlogic Infosystems Pvt. Ltd. 01/2025 - Present

- Designed, developed, and maintained efficient, reusable, and reliable Flutter apps, resulting in a 30% decrease in app crashes and a 20% increase in user satisfaction.
- Implemented Clean Architecture and BLoC state management to improve code maintainability, testability, and scalability.
- Identified and resolved 50+ performance bottlenecks and software bugs, ensuring a 99.9% app responsiveness rate.
- Stayed updated with the latest industry trends and technologies, integrating 15+ third-party libraries and APIs known for elevating app functionality and user experience.
- Built real-time communication features using WebSockets, enabling live chat and instant message synchronization.
- Implemented background location tracking using native Android and iOS integrations, ensuring reliable location updates even when the application was not actively in use.
- Participated in code reviews, feature planning, and agile development processes to ensure high-quality software delivery.

Junior Flutter Developer
Dreamlogic Infosystems Pvt. Ltd. 07/2023 - 12/2024

- Assisted the senior dev team in coding and testing Flutter apps, contributing to the launch of 2 successful apps in the Google Play Store.
- Participated in team meetings, providing valuable insights on UI/UX enhancements for existing apps, resulting in a 15% increase in app downloads.
- Mentored 2 interns, sharing expertise on Dart programming and Flutter design principles.
- Collaborated with backend teams to integrate REST APIs, authentication flows, and real-time data synchronization.

EDUCATION

Computer Science
Government Polytechnic College, Panaji - Diploma in Computer Engineering 2020 - 2023

SKILLS

Flutter	Expert	Clean Architecture	Expert
Bloc & Provider State Management	Expert	REST APIs	Expert
Firebase	Expert	Problem-Solving Skills	Expert
		Code Review	Expert

Play Store App Development	Advanced	Third-party Libraries	Advanced
Responsive Design	Advanced	Payment Gateway Integration	Advanced
Method Channel Integration	Advanced	Google Map Integration	Advanced
Git	Advanced	Continuous Integration	Advanced
Background Location Tracking	Advanced	WebSocket (Live data Streaming)	Advanced
Dart	Advanced		

PROJECTS

Pharmacy, Dating App, Nudge, Sport It, Lime Car App

- **Car Booking Application**– Vehicle reservation platform with location-based services and booking management. (https://play.google.com/store/apps/details?id=in.limecar.android_app&hl=en_IN)
- **Pharmacy & Medicine Delivery Application** – Prescription uploads, medicine search, ordering, and delivery tracking. (https://play.google.com/store/apps/details?id=com.salcete.pharmacy_android&hl=en_IN)
- **Restaurant Management & Loyalty Platform** – Restaurant operations and customer engagement solutions. (<https://play.google.com/store/apps/details?id=com.cookiepush.androidapp>)
- **Digital Coaching Assistant** – Features supporting online coaching services and user engagement. (<https://play.google.com/store/apps/details?id=academy.sportit>)
- **Dating & Social Networking Platform** – Real-time messaging and chat implementation using WebSockets. (https://play.google.com/store/apps/details?id=in.connectionz.android_app)
- **Lead Management System** – Lead creation, tracking, assignment, and follow-up workflows.
